Preamble

Following are all of the Rules and Regulations and Entry procedures for film entries into the Canadian Screen Awards. Read the following carefully and completely before entering.

Overview

The Canadian Screen Awards honour outstanding achievement in the Canadian television, digital media and film industries and are administered by the Academy of Canadian Cinema & Television.

Each year Canadian Screen Week brings together more than 6000 key film professionals, craftspeople and decision-makers from across Canada to honour, celebrate and promote the talent and accomplishments of the Canadian television, digital media and film industries.

Each fall, the Canadian Academy issues a Call-for-Entries to Academy members and related industry members across Canada. Any Canadian film that meets the current eligibility criteria may be entered for consideration. Entries are submitted by the owner of the film or the owner's Authorized Representative (see *Definitions*).

Nominations

Nominating Committees are assembled from across the country, and nominations are tabulated by the Academy's official ballot accountants, PwC.

Voting

Online voting information is emailed to the Academy's Cinema Division membership following the announcement of nominations. Each voting member of the Cinema Division Branch receives a personalized log-in and may view and vote on the nominated films through the website. All members may vote in all film award categories. To verify or change your membership status, please contact the Academy's Membership Department by **5:00 p.m. ET on January 12, 2018**. No changes can be made once the nominations are announced.

Winners

Academy Ballot Accountants will tabulate the winners in each Category, once the voting period is complete. The winners will be announced during Canadian Screen Week, **March 5 to March 11, 2018**.

Special Awards

Special Award Recipients are proposed by members, and subsequently approved by the Board of Directors.

- All Recommendations must be submitted before the deadline of **March 24, 2018**
- Only members in Active Good Standing may submit Recommendations to the Rules & Regulations Committee.

Special Awards

BEST FIRST FEATURE

This award is presented to honour an achievement by a Canadian director in their first dramatic theatrical feature-length film. In addition to applying for Best First Feature, the film must qualify for, and be entered into competition in the film awards subject to the normal Rules and Regulations. This award does not include entries into the John Dunning Discovery Award category. In the event that there are one or more eligible films for this Award, the Nominating Committee for Direction will select a winner. As with any Entry, the Committee may decide not to present the Award. This Award does not affect the film's or the filmmaker's eligibility for other film awards. If applying for Best First Feature, a letter from the director, confirming his/her eligibility for this Award must be uploaded when entering online.

JOHN DUNNING DISCOVERY AWARD

The John Dunning Discovery Award is presented for the best micro-budget film of the year (production budget under \$250k). In order to qualify, a film must have had a theatrical release AND/OR achieved acceptances at two (2) approved Canadian festivals within the calendar year.

CINEPLEX GOLDEN SCREEN AWARD FOR FEATURE FILM

The Cineplex Golden Screen Award for Feature Film is presented annually to the Canadian film that earns the highest domestic box office between the time of January 1, 2017 and February 27, 2018. Eligible films must be released within the calendar year.

ADDITIONAL SPECIAL AWARDS

Additional Special Award forms can be found on www.academy.ca/awards. A Special Award may be recommended by Academy members to the Board of Directors. Deadline for Special Award recommendations is **September 1st, 2017**. Please visit the Academy website for more information.

The Nominating Process – How It Works

1. Two Nominating Committees select the Nominees. A Chairperson will be selected by the Academy to head each Committee. Industry Professionals from across Canada will be invited to participate in consultation with the Academy's Rules & Regulations Committee and the Academy's Board of Directors. One Committee, which includes directors, writers, performers, producers, and critics, will be responsible for selecting Nominees for:

- Direction
- Screenwriting (Original and Adapted)
- Performance (Male and Female Lead, Male and Female Support)

The other Nominating Committee, comprised of practitioners of each of the respective crafts, will be responsible for selecting Nominees for:

- Art Direction/Production Design
- Costume Design
- Make-Up
- Cinematography
- Editing
- Music (Original Score and Original Song)
- Sound (Overall and Sound Editing)
- Visual Effects

Both Nominating Committees will together select the Nominees for Best Motion Picture.

Note: The John Dunning Discovery Award winner will be selected by a jury of film industry professionals, and awarded during Canadian Screen Week.

2. Committee Members will be expected and encouraged to screen the entered films during their regular theatrical release or festival circuit whenever possible. In the event that a film cannot be screened in its ideal environment, the Committee Member will be supplied with a streaming video link of the film. Both Committees will then convene to reach a consensus on the top five nominations in their Categories.
3. Films are evaluated according to specific criteria developed by the Academy's Rules & Regulations Committee and Board of Directors in consultation with branch members. Key members of the Music community, for example, developed the criteria used to assess Original Music Score and Original Song. The same principle was applied to Direction and Screenwriting and so on. It is not simply a matter of a well or poorly made film; it is the critical analysis of all aspects of the film that will determine the nominees.

Note: An entrant may be moved from lead performance to support performance or vice versa, or added to the eligible performers list as the Nominating Committee sees fit, provided the situation in question meets all other qualifying criteria.

The Nominating Process – How it Works

1. A Chairperson will be selected by the Academy to head the Theatrical Shorts Committee, as well as the Documentary Nominating Committee, and jury members will be invited from across Canada.
2. Films are evaluated according to specific criteria developed by the Academy's Rules & Regulations Committee and Board of Directors in consultation with branch members. Key members of the Theatrical Short and Documentary community developed the criteria used to assess the Feature Length and Short Documentary, Animated Short Film and Live Action Short Drama categories.
3. The Nominating Committees for Theatrical Shorts and Documentaries will select the Nominees in the Categories of Feature Length and Short Documentary, Animated Short Film and Live Action Short Drama, as well as Best Editing and Cinematography in a Feature Length Documentary at a Nomination Screening Weekend. Nominees for final balloting will be selected by consensus.

Number of Nominations

Nominations for Theatrical Shorts and Documentaries will normally be made, and an Award will be given, in any Category in which there are four (4) or more eligible Entries. If there are four (4) eligible Entries, there will normally be two (2) nominations. If there are between five (5) and eight (8) eligible Entries, then there will normally be three (3) Nominations. In the case of “ties” in the aforementioned Categories, the Academy will decide the number of Nominations. If there are nine (9) or more eligible Entries then there will normally be five (5) Nominations.

NUMBER OF ENTRIES	NUMBER OF NOMINATIONS
Four (4)	Two (2)
Five (5) to Eight (8)	Three (3)
Nine + (9 +)	Five (5)

Note: In the Best Motion Picture Category, no fewer than five (5), and no more than ten (10) nominations shall be made; the final number of nominations will be decided by the Academy, its respective nominating committees, and will depend on the quality of entries received.

NOMINATING COMMITTEE POLICIES FOR ALL CATEGORIES

Conflict of Interest

1. Each Nominating Committee Member is required to sign a Conflict of Interest form prior to the commencement of judging. A Nominating Committee Member is not allowed to judge their own work in a film and must disclose any potential conflicts of interest in the work they are judging. The Academy will not tolerate any committee member who is determined to be advocating for an entry in which they have a vested personal or professional interest and considers such conduct to be unprofessional and contrary to the spirit of the Canadian Screen Awards. If an unexpected conflict of interest should arise, the Nominating Committee Member in question will be disqualified from voting.
2. All Committee deliberations are strictly confidential. Nominating Committee Members may not disclose their discussions or final decisions outside the Committee Sessions.
3. Nominating Ballots are sent directly from the Theatrical Shorts and Documentaries Committee site in sealed envelopes to the Ballot Accountants who will tabulate them.

Nominating Committee Prerogative

4. Nominations will not be put forth in Categories in which, in the opinion of the applicable Nominating Committee, the submissions entered do not meet Academy standards.

MEMBERSHIP VOTING

Final Balloting

1. Once the Nominees have been determined, unique and confidential log-in information will be prepared and emailed to all eligible Cinema Division Voting Members. The Canadian Screen Awards online voting website will be activated in **January 2018**.
2. Along with their log-in information, online voting website information will be supplied to each Voting Member. This information will provide members access to the voting website for the duration of the voting period. Members will be able to return to the site as many times as needed during the voting period to complete the viewing and voting processes.
3. Streaming video of the Nominated Films will be available for eligible Voting Members during the voting period, and can be accessed on the online voting site.
4. All voting members currently registered in the Academy's Cinema Division will be eligible to vote in all categories of the film Awards.
5. Once the voting period is complete, Ballot Accountants will tabulate the results from all online votes cast.

STATUES AND CERTIFICATES

Certificates

Nominees and Winners must order their certificates online at academy.ca. Each winner and nominee may order a certificate at no cost. There is a charge for additional certificates. Only Nominees and Winners names may appear on their respective Certificates.

Statues

The Academy will provide one (1) statue for each Category to the first individual listed when entering online (unless the producer has designated another individual, in writing). Each additional winner may purchase one (1) statue at cost. Statues will not be made available to, and cannot be purchased by, anyone other than the winner(s).

Commemorative Statues

Winning films may purchase up to a total of three (3) commemorative statues for the production company or distributor of the winning program. Commemorative statues may only be ordered for films that have won in the Best Motion Picture, Best Feature Length or Short Documentary, as well as Live Action and Animated Short categories, with signed permission from a credited producer from the winners list. Commemorative statues will not be sold to individuals, and winners may not authorize this type of sale.
